We believe in working with accredited farmers

Ennea Trophi is a Moroccan company specializing in the import and export of fresh, organic fruits and vegetables worldwide. We offer a wide range of seasonal fruits and vegetables such as clementines, melons, watermelons, oranges, lemons, tomatoes, peppers, courgettes, green beans, cucumbers, potatoes and many varieties harvested directly from the orchards of local partners for ensure their quality. With years of experience in the industry, we have built strong partnerships with accredited farmers and suppliers to ensure the highest quality standards. We offer excellent quality products while guaranteeing compliance with international norms and standards.

Why Organic ?

We're making room for daily self care with Healthy Choices.

Speciality Produce

Global Perspective Vision :

At EnneaTropi, we envision a world where enhanced livelihoods are achieved through fair and ethical practices in fresh produce cultivation and trade. By expanding our services globally, we aim to contribute to a healthier, more sustainable food environment.

Mission :

Our mission is to deliver sustainable excellence in fresh produce trade, adhering to international standards and procedures while ensuring cost-effective solutions. We are committed to providing fresher, healthier, and chemical-free foods that align with today's consumer trends.

Commitment :

We believe in the power of natural, nutrient-rich produce. Whether it's organic, ecological, or biological, our fruits and vegetables are grown using methods that promote ecological balance, conserve biodiversity, and cycle resources responsibly.
